Industry veteran James Oman joins Wholesale Commercial Laundry

Southside, Ala.--Wholesale Commercial Laundry Equipment S.E. LLC (Wholesale) recently partnered with James Oman, a 23-year laundry industry veteran specializing in the industrial and on-premise markets. In his new role, Oman will lead on-premise laundry sales in Georgia, as well as provide industrial sales support throughout Wholesale's expansive territory.

Oman, who holds 23 years of experience in laundry equipment sales and territory management, served three laundry equipment distributors in south Florida and the Caribbean before joining Wholesale. Early on in his career, he also held marketing/management positions at the Arizona Lottery and Florida Lottery, where he helped lead lottery program development. He earned a bachelor's degree in Spanish and Sociology from Otterbein College, in Westerville, Ohio, and is an Association for Linen Management Certified Laundry and Linen Manager (CLLM).

"Jim comes to us with in-depth industry knowledge and experience," said Wholesale President Russ Arbuckle. "We look forward to him sharing his ideas and insights with the team – helping us to continue and strengthen our service, growth and profitability."

"In my quest to join one of the fastest growing Continental distributors anywhere in the United States, my factory friends all recommended Wholesale," said Oman. "The combination of our areas of expertise will undoubtedly lead to continued growth. I am grateful for the recommendations and confidence extended by Russ and the staff here at Wholesale."

Wholesale – a full-service distributorship offering laundry equipment, installation, technical service, parts and unrivaled customer service – specializes in vended, on-premise and

industrial laundry development throughout Alabama, Mississippi, Georgia, the Florida Panhandle, and parts of Tennessee and South Carolina.
